

# Informatics Applications to Real Time Events

Romeo P. Stockett, Jr., MPA, PhD.

Public Health Informatics Fellow

Division of Public Health Systems

Informatics and Knowledge Systems Branch

# Projects

- ▶ Knowledge Management Proposal
- ▶ NEDSS Implementation Team
- ▶ Workforce Development – Informatics Orientation

# Knowledge Management Proposal

Purpose: For CDC/Public Health  
Website

# Elements of Knowledge Management

- ▶ Preparing the organization
- ▶ Selecting the information/data
- ▶ Preparing the data for knowledge presentations
- ▶ Networking the data sources

# NEDSS Implementation

- ▶ Site evaluation
- ▶ Site preparation
- ▶ Staff Development
- ▶ Avoiding IT Project Mistakes

# Workforce Development (Informatics Orientation for PHA's)

- ▶ Develop professional development profiles
- ▶ Identifying competencies and levels
- ▶ Identifying training resources
  - Internal
  - In-service training
  - External

# Opportunities

- ▶ To demonstrate Informatics competencies on real world projects

- Thanks
